

## 60mm 12x24

Angelus Paving Stones is pleased to introduce the new 60mm 12x24 paver. Clean lines, narrow joints, a small chamfer and contemporary color choices will make the 12x24 the perfect choice for your pedestrian hardscape project. Install in a herringbone, stack bond or common pattern.

Note: due to its large format, this paver is not intended for vehicular use.
